Our Foundation

For more than a decade, we have been the point of reference for the training of highly qualified professionals in the **tourism** and **cultural heritage sector**.

Our goal is to bridge the gap between labour supply and demand by providing tourism companies with **professionals** equipped with cutting-edge technical and technological skills.

We innovate tourism training every year and provide our students with **high-level technical, digital** and **language skills**, preparing them to operate in an international and increasingly sustainable context.

Over

90%

our students find work in
the area of reference
both in **Italy** and **abroad!**

Contacts

We are available from
